

## **Evolution Soccer Club Guest Playing & Training Policy**

At Evolution Soccer Club, we recognize that additional playing and training opportunities can contribute to a player's development. However, to maintain the integrity of our teams and ensure alignment with our club's philosophy, the following guidelines apply when a player wishes to guest play or train with another club while rostered with Evolution SC:

### **Guest Playing for Another Club**

1. **Approval Required**—Before guest playing with another club, Players must receive written approval from their Evolution SC head coach and the club's director.
2. **Conflicting Schedules** – Guest playing cannot interfere with Evolution SC games, practices, or events unless explicitly approved by the director.
3. **Club Alignment**—Players may not guest play for a club that competes directly with Evolution SC in the same league or tournament unless they are granted special approval.
4. **Injury & Liability**—Evolution SC is not responsible for injuries sustained while playing for another club as a guest. Families must ensure the guest club provides appropriate insurance coverage.

### **Training with Another Club**

1. **Notification & Approval** – Players must notify their Evolution SC coach and seek approval from the club director before attending training with another club.
2. **Priority to Evolution SC** – Evolution SC training and events take precedence over external training. If a scheduling conflict arises, players are expected to prioritize Evolution SC.
3. **Competing Clubs** – Players may not train with a direct competitor without prior approval from the director.
4. **Developmental Training Programs** – Players participating in supplemental training programs (e.g., private training, clinics, or academies) that do not conflict with club activities do not require formal approval but should be communicated with the coaching staff.

### **Violations & Consequences**

Failure to adhere to this policy may result in reduced playing time, suspension from Evolution SC activities, or other disciplinary actions as determined by the club directors.

### **Exceptions & Special Considerations**

Any exceptions to this policy must be reviewed and approved by the club directors on a case-by-case basis.

By following these guidelines, we ensure that players receive the best development opportunities while maintaining commitment and loyalty to Evolution SC.
